Friendships warms the heart!

February is a very special month because we celebrate two very important occasions...

Black History Month
and
Valentine's Day!

History of Valentine's Day... Fact? or Fiction?

Legend has it that Valentine was a priest during 3rd century Rome. There was an Emperor named Claudius II. He decided that single men made better soldiers than those that were married. With this thought in mind he outlawed marriage for young men hoping to build a stronger military base. Supposedly, Valentine, decided this decree wasn't fair and chose to marry young couples secretly. When the Emperor found out about Valentine's actions he had him put to death.
